

CHI St. Alexius Health Dickinson

Community Benefit Report FY2023

We are committed to providing high-value, whole-person care. The addition of a community health worker to our staff is helping patients access food, housing, mental health and transportation services. Our supportive housing grant with the ND Southwest Area Homeless Coalition will increase access to affordable housing, while new food pantries are feeding hungry neighbors. Our community benefit programs touched thousands of lives through the contributions of staff and volunteer hours, and free and discounted health care services/programs.

Carol Enderle, President

\$970,562 Total Community Benefit

to Care**

Community Benefit Snapshot**

Behavioral Health

Worked with the Dickinson Youth Commission in supporting their work to be a voice for youth in Dickinson with participation from over 750 youth of all ages.

Community Support

Collaborated with partners to strengthen and increase participation in community programs to support the health needs of both the aging and youth populations.

Affordable Housing

Received a planning grant from CommonSpirit Health Mission and Ministry Fund to develop a business plan and staffing model for the development of a community-based supportive housing program.
