

CHI St. Alexius Health Turtle Lake

Community Benefit Report FY2022

Our vision is to remain an integral part of our community through our recently opened clinic, providing long-term and short-term care for our community members, and participating in community projects that promote health and well-being. We will continue working with our staff to encourage them to keep our patients' needs first while making sure our staff are adequately compensated.

K.C. DeBoer, President

Community Benefit Snapshot**

Access to Care

Launched Avel eCare system, which aims to reduce patient transfers and improve outcomes by connecting our ED providers with specialists through real-time consultation for complex cases.

Aging in Place

Provided physician, staff and patient education on resources available to **support independence post discharge**, such as Health at Home.

Community Wellness

Hosted a **winter group exercise program** and **annual wellness fair** held in conjunction with the Dakota Feeder Calf Show.
