## For more information

- Visit [chistalexiushealth.org](https://chistalexiushealth.org) and click on Patient Portals.

## Are there other ways to access MyChart?

Yes. You can use another application to access your health information, if you prefer. To do so,

- You will need to first set up a portal account with MyChart.
- The username and password you choose will be the security component for your health information and make it possible for you to access and import it.
- Visit the CHI St. Alexius Health website to see a list of eligible applications.
- *Please note:* Catholic Health Initiatives reserves the right to disable a third-party application, if needed. That application's *terms of use* will apply and CHI will not have the control or ability to secure the data you place within that system.
