

Community Pharmacy

Curbside Pickup Service

We know you share our commitment to help prevent the spread of COVID-19 and are pleased to be able to offer a “contactless” pickup option via our pharmacy’s curbside pickup service. Both prescriptions and over-the-counter items are available for curbside pickup from 7:30 a.m. to 6:00 p.m. on Monday through Friday.

1. Call the pharmacy at **701.530.6906**, option **0**, and let us know if you need refills and/or over the counter items. We will ask for the make and model of your vehicle as well as your credit card number. If someone else is picking up your prescriptions, we need to know who. A picture ID will be required for picking up prescriptions.
2. We will process your prescriptions and will call you to confirm when you can pick up your items.
3. We have limited quantities of certain over-the-counter medications. Let us know if there is something that you need and we will try to help you out using the same procedures as if picking up prescriptions. ***(Please note: We do not have rubbing alcohol, hand sanitizer, masks or thermometers in stock.)***

Picking up prescriptions

1. Please ensure you have received a confirmation call and pick up time before heading to the pharmacy.
2. When you arrive, you can park in one of our designated spots located in the East Patient Parking Lot, directly behind the bike racks. The designated parking spots will be signed. Please call **701.530.6906**, option **0**, to let us know you have arrived and the make and model of your vehicle.
3. For the safety of both patients and employees, we ask that both drivers and passengers remain in the vehicle with the window and doors shut until delivery is complete. Please have your identification available and visible through the driver’s side window when your order arrives. We will take care of all signatures and will place the bag on your windshield.
4. Please check your prescriptions before you leave to be sure you received what you expected. Call immediately with any issues. A pharmacist is always available for any questions and medication consultations.

If you have general questions about this process please call our pharmacy team at 701.530.6906, option 0.
