

CELEBRATING 100 YEARS

1970's Pharmacy

In the 1970's hospital pharmacies began playing a much larger role in the care of patients. In fact in 1979, both the American College of Clinical Pharmacy and the European Society of Clinical pharmacy were formed.

In February, 2020, CHI invested nearly 1 million dollars to update the hospital pharmacy in Williston. This state of the art equipment for medicine storage and high sterilization enhances the care each and every patient receives at CHI St. Alexius Health.

2020 Pharmacy

At CHI St. Alexius Health, we aren't just treating patients – we are caring for our family, friends and neighbors. We were created in uncertain times to provide health care throughout the decades.

Today, our legacy continues by offering Williston's first cancer center, pediatric clinic, neurology clinic and so much more. Learn more about your community hospital at CHIStAlexiusHealth.org/centennial.
