

CELEBRATING 100 YEARS

Edward Hagan, MD

In 1946, Edward Hagan, MD, began his practice in Williston, and later founded the Craven-Hagan Clinic with John Craven, MD and Joseph Craven, MD, where he provided primary care until his retirement.

The legacy of these physicians continue today. The Craven-Hagan Building at CHI St. Alexius Health is home to cardiology, diabetes education, internal medicine, pediatrics, primary care, women's health (OB/Midwifery/GYN) and more.

Robert Kemp, MD and Bruce Pugatch, MD

At CHI St. Alexius Health, we aren't just treating patients – we are caring for our family, friends and neighbors. We were created in uncertain times to provide health care throughout the decades.

Today, our legacy continues by offering Williston's first cancer center, pediatric clinic, neurology clinic and so much more. Learn more about your community hospital at CHIStAlexiusHealth.org/centennial.
