

# CELEBRATING 100 YEARS

Mercy Hospital

Over 100 years ago, the Spanish Flu Pandemic revealed the communities desperate need for a hospital. In 1920, the Sisters of Mercy arrived in Williston and opened the doors to Mercy Hospital.

100 years later, we again live in extraordinarily challenging times. But together, as our Sisters did 100 years ago, we continue to do what our mission calls us to do each day – healing our patients, our community and each other.

Respiratory Clinic Team

At CHI St. Alexius Health, we aren't just treating patients – we are caring for our family, friends and neighbors. We were created in uncertain times to provide health care throughout the decades.

Today, our legacy continues by offering Williston's first cancer center, pediatric clinic, neurology clinic and so much more.
